PROFILE

Motion designer and 2D animator with 10+ years of turning scripts into stories for the screen, and a self-taught developer who builds the tools behind the work. Produced story-driven animation for UNDP, UNICEF, GIZ, USAID, the World Bank and WHO; led production for a SaaS animation studio as project manager; author of seven free open-source tools for After Effects, Premiere Pro, Figma and Chrome; and creator of Nomolos, an animated documentary channel on history's greatest backfires. Equally at home rigging a character in After Effects and shipping a TypeScript panel that saves the team an afternoon.

HIGHLIGHTS

100% on-time delivery across every client campaign at Vidiosa, while a new storyboard-and-feedback workflow cut turnaround time by 15%.

7 open-source tools for Adobe CC, Figma and Chrome, released free; 1,100+ GitHub contributions in the last twelve months.

200K+ organic views on campaigns where I directed the creative, with measurable uplift in audience engagement.

3 animated documentaries written, illustrated, animated and sound-designed solo in After Effects, for the Nomolos channel and Bichitro Biggan.

EXPERIENCE

Independent Motion Designer & Creative Developer

Apr 2026 – Present

Self-employed · Dhaka, Bangladesh

- Created and run **Nomolos** (youtube.com/@nomolosfiles), an animated documentary channel on history's greatest backfires: decisions that achieved the opposite of what they intended. Each episode is written, illustrated, animated and sound-designed solo in After Effects; two episodes live (Prohibition, 9:40; Cobra Effect, 8:49, 23 scenes).
- Write, illustrate and animate science documentaries for **Bichitro Biggan**, a Bengali science magazine; latest film **Consciousness** (4:08, nine hand-drawn scenes, multiplane 3D parallax, volumetric lighting).
- Build and maintain seven free open-source tools for editors and motion designers: Adobe CEP / ExtendScript panels, a Figma plugin and Chrome and Edge extensions, released with documentation on a weekly cadence.
- Architected two zero-plugin WordPress platforms from scratch in PHP and vanilla JavaScript: **bichitrobiggan.com** (bilingual Bengali and English magazine) and **raisulsohan.com**.

Project Manager

Aug 2024 – Mar 2026

Vidiosa · Dhaka, Bangladesh

- Led end-to-end animation and motion graphics production for global SaaS and tech clients, from brief to final delivery.
- Coordinated cross-functional creative teams and managed budgets, schedules and client communication, holding a 100% on-time delivery record.
- Introduced a streamlined storyboard-and-feedback workflow that reduced project turnaround time by 15%.
- Directed creative execution on key client campaigns, achieving 200K+ organic views and measurable uplift in engagement.

Senior Motion & Graphics Designer

Jan 2022 – Jul 2024

JMI Group · Dhaka, Bangladesh

- Owned the visual identity of a large industrial group across digital and print: social media, web banners, email newsletters, brochures, advertisements and print-ready artwork.
- Produced and edited video content for marketing campaigns; presented 2D and 3D concepts and mock-ups to marketing and product teams for approval.
- Ran multiple concurrent projects with photographers, illustrators and copywriters, keeping brand standards consistent.

Senior Motion Graphics Designer & 2D Animator

Jan 2018 – Dec 2021

Big Blue Communications · Bangladesh & UK

- Delivered animated films, explainers, infographic animations, e-learning content and social visuals for international development clients: pitches, storyboards, animatics, Illustrator vector assets, character rigging and animation.

- **UNICEF:** story-based monthly comic animation series for the Oky period tracker's period-positive campaign. **USAID:** twelve story-based infographic animations. **GIZ:** climate-change awareness film for Bangladesh.
- **ITF Seafarers' Trust (London):** app explainer animations in English, Spanish and Portuguese. **Landell Mills:** 3D map animation on the Mekong river and its environment.
- **Also for** Awaj Foundation, the Dutch Embassy (film and painting festivals), HelpAge International and DAI (Lottie animations and an interactive Adobe Animate site).

Video Editor & Animator

2015 – 2017

Think School (ThinkBangla) · Bangladesh & UK

- Edited and animated 20+ educational YouTube videos on the science, history and culture of Bangladesh in Premiere Pro, After Effects, Cinema 4D and Audition; handled storyboarding and YouTube SEO, growing views and subscribers.

Earlier career

2010 – 2015

Old Bay Media · BDSPORTSNEWS.COM · Dhaka

- **Program Manager & Video Editor, Old Bay Media (2013 – 2015):** built and ran Bangla Boi, an online bookshop, end to end: catalogue database, publisher discount deals, customer service and delivery.
- **Program Manager & Sports Journalist, BDSPORTSNEWS.COM (2010 – 2012):** match reports from the Sher-e-Bangla stadium press box and interviews with national cricketers and footballers.

OPEN-SOURCE TOOLS all released free · github.com/raisulsohan

- **LazyLord** Adobe CEP panel + Figma plugin · TypeScript Moves real vector artwork between Figma, Photoshop, Illustrator and After Effects; a free alternative to Overlord.
- **LazyMotionToolkit** After Effects ScriptUI panel · ExtendScript Nine motion tools in one dockable panel: smart precomp, auto text boxes, eased fades, animated arrows, anchor pad, grids, background preview renders.
- **LazyKick** CEP panel · After Effects & Premiere Pro Clipboard images straight onto the timeline, time-coded project notes and auto-import of media folders.
- **Lazy-Image** CEP extension · CDP browser automation AI image generation inside After Effects and Premiere Pro with no API key and no browser switching.
- **LazyScroll · LazySnap · LazyRuler** Chrome & Edge extensions · Manifest V3 Per-site media volume control, article and match-commentary text extraction, Photoshop-style rulers and guides on any web page.

FILMS & MOTION selected

- **Nomolos** youtube.com/@nomolosfiles Animated documentary channel. Episode 01 **Prohibition** (9:40) and episode 02 **Cobra Effect** (8:49, 23 hand-illustrated scenes): screenplay, direction, vector illustration, multiplane 3D parallax animation and sound design, all solo. Browser editions of each film are drawn live in JavaScript with no video or image files.
- **Consciousness** Animated science documentary for Bichitro Biggan, 4:08. Concept, nine illustrated scenes, multiplane 3D parallax, atmospheric glow and volumetric lighting, original sound design from open archives.
- **Showreel** Motion design, 2D animation and SaaS product video. youtu.be/Hdq8STf5beQ
